INTRODUCTION
AND
GENERAL INDEX

THE SACRAMENTO DIRECTORY CO., publishers of the Sacramento Directory, present to subscribers and the general public, this, the 1961 edition.

Confidence in the continued growth of Sacramento's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sacramento to the world.

The enviable position occupied by the Sacramento Directory in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the Sacramento Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Sacramento. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Sacramento, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sacramento, and the name, official personnel, nature and address of each firm and corporation.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, is the fifth major department printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Sacramento and vicinity.

The Sacramento Directory Library

Through the courtesy of the publishers of the Sacramento Directory, a Directory Library is maintained at the Sacramento Public Library, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Sacramento, the "Camellia Capital" and the capital city of the state, is located at the confluence of the Sacramento and American rivers, in the center of the greatest agricultural, mineral and timber-producing area of California. With a background of history closely entwined with some of the epochal events in the civilization and development of the Pacific Coast, Sacramento through its years of civic and commercial progress has maintained leadership among the cities of the West. It is now the largest interior city in California and one of the most rapidly growing cities in America.

Sacramento has graduated from the class of the ordinary capital city to a thriving metropolis with a population of 200,000 in 1961.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an incorporated area of 67.3 square miles. The climate is semi-tropic, with an average mean annual temperature of 60.5 degrees, and an annual average rainfall of 18.05 inches.

Aerial View of California State Capitol

Sacramento's most notable beauty is in its wide tree-lined streets and its 1,562 acres of municipal parks. No city in the West equals this in number of street trees, cared for and protected by the City government.

Sacramento is the home of the annual California State Fair, the largest and most successful exposition of its kind in the U. S. Attendance, 837,859 in 1961.

Notable among the historic points of interest are Sutter's Fort, now entirely restored to its original form, and maintained as a State museum, housing a priceless exhibit of relics of pioneer days; the

Crocker Art Gallery, one of the most valuable art collections in the West; and the $24,000,000 group of Capitol buildings, surrounded by a 40-acre State park world-famed for its beauty and 400 varieties of trees, shrubs and flowers gathered from every country on the globe.

Sacramento's area school systems are recognized as one of the best in the state, noted for its educational progress, with two junior colleges, 16 senior high schools, and 16 junior high schools with two new ones presently underway. A splendid stadium, seating 24,000 persons, was erected on the Sacramento City College campus in 1928. Both City and County school facilities have kept pace with this area's rapid growth during recent years by constant enlargement and new construction of elementary and high schools. There are also 19 elementary parochial schools and five parochial high schools in the area.

Sacramento City College ranks in point of attendance as one of the largest junior colleges in California. The college, which has grown from an infant in 1926 with an initial enrollment of 45, is housed in a group of beautiful buildings on a 61-acre campus.

One of the newer junior colleges in California, American River Junior College has opened on its new and beautiful 153 acre campus in 1958. Located in the expanding north area, the college plans to accommodate some 7,500 students within its modern structures by 1970.

Sacramento State College, housed in its campus along the banks of the American River, offers a 4-year course in liberal arts, education, applied science, business, public administration and engineering. Graduate work qualifying for a M. A. degree is offered here.

The beauty of Sacramento's residential sections, modern public and business buildings, beautiful churches and splendid hospitals add to its attractiveness as a home city.

Sacramento's $1,000,000 Memorial Auditorium, splendid hotel and restaurant accommodations and metropolitan theatres have made it an outstanding convention center, exceeded in numbers of state and national convention gatherings only by Los Angeles and San Francisco.

Governmental and private industries combine to provide exceptional employment opportunities in Sacramento. As the State Capital, Sacramento offers employment to over 20,000 in a number of State offices. Two Air Force installations--Mather and McClellan Air Force Bases--as well as the U. S. Army Signal Depot, are large industries in themselves, with thousands of civilian personnel on their payrolls.

In recent years the addition of several new canneries, a national detergent manufacturing plant, a plant to produce missile engines, a can-manufacturing plant, and many other new installations have enhanced Sacramento's reputation as an industrial center. Under construction now by a national firm is a multi-million dollar paper products plant.

The Southern Pacific shops in Sacramento are the second largest in the world. Also, the Western Pacific has its main shops here.

Rapid development in the space age has resulted in a complete change of Sacramento's industrial picture. For many years the high agricultural productivity in the area established canning and food processing as the principal manufacturing activity. With the coming of development in the rocket and missile field, the food processing industry has taken second place. Over 17,000 persons are employed in this new industry and the figure is increasing steadily. Feeder plants to this industry are also moving into the area and will provide even more diversification in the manufacturing field.

The second principal industry is that of canning fresh fruits and vegetables, Sacramento's four canneries being among the largest in California, and one of them the largest institution of its kind in the world. The four canneries in Sacramento produce annually 11.64 per cent of the total output of the canneries of the state. One of the largest freezing plants for the "Frozen-Food Industry" in California is located at Sacramento. Fresh fruits, vegetables, poultry, etc., are frozen here. The plants of the American Can Co. and Continental Can Co. emphasize Sacramento's position as the canning center of the State.

Sacramento has the largest almond shelling plant in the world, and more than 50 per cent of the state's total almond output is handled here.

Flour and feed mills; slaughtering and meat-packing houses; rice mills; bean cleaners; clay, pipe and pottery works; lumber and box factories, and similar industries convert into manufactured products other raw materials provided by the vast agricultural, timber and mineral wealth of the region.

Sacramento County is most fortunately situated with regard to transportation. Two great transcontinental railroad systems, the Southern Pacific and the Western Pacific, offer quick transportation to Eastern markets. Two interurban lines, the Sacramento Northern Railway and the Central California Traction, supplement these roads.

The Sacramento River, ranking among the foremost rivers in the nation in amount of tonnage carried and second in per-ton value of cargo, offers rapid and cheap water transportation to San Francisco Bay and world markets. Major work is now underway toward the completion of a deep water channel which will allow ships of all types to transport cargo in and out of Sacramento.

Paved County highways supplement the main trunk lines of the great State highway system to every important center in the county, and bus lines radiate in every direction.

Transcontinental and coastwise air mail, express, passenger and freight lines center at Sacramento's Municipal Airport.

Sacramento is the banking center of interior California, served by 11 strong banking institutions, having over 30 local branches.

This area abounds with parks. Adjoining beautiful Woodlake District, North Sacramento has Woodlake Park, where the Rotary Youth Building is located. It has a baseball diamond and softball facilities in Redwood Park, Hagginwood Park, Carmichael, Arcade and Arden are developing facilities. Del Paso Park, located in a beautiful setting of oaks, is becoming the Mecca for young and old alike, with picnic and athletic facilities for all groups. The Grant Union High School has completed four athletic fields to be used for baseball and softball. El Camino High School has an athletic field for day and night use.

The Public Works Board, in September, 1949, selected the Swanston site for the location of the new California State Fair. This was the result of concentrated efforts by the civic groups of the area. Plans are being made for the relocation of the California State Fair on this 1,065-acre site adjoining the North

Sacramento Freeway on the north and Arden Way on the east. Fronting on the American River, this site will offer many advantages, and will place the California State Fair among the leaders in the nation, where it rightfully belongs.

New approaches are being constructed to the east and west of this North Area to relieve the ever-growing traffic problem. Elvas Freeway links highways 40 and 99 within the Sacramento city limits.

The population north of the American River in Sacramento County is estimated to be in excess of 250,000, and shows every sign of continuing its rapid growth.

The Sacramento City-County Chamber of Commerce serves the entire county and 12 community chambers operate in various parts of the county. All have facilities available in answering any inquiries regarding the county's communities.

History

Sacramento is associated with three epochal events in California history. The settlement established Aug. 12, 1839, by Capt. John A. Sutter at Sutter's Fort, now Sacramento, was the first settlement of white men in interior California, and marked the beginning of agricultural development that has made California first among the states of the Union in total value of agricultural products.

The discovery of gold on Jan. 24, 1848, by James W. Marshall, one of Sutter's men, at Coloma, sixty miles east of the city, brought about the celebrated Gold Rush of 1849-50, which so quickly populated the region that it was admitted to statehood on Sept. 9, 1850.

The transcontinental railroad started from Sacramento in 1863 and completed in 1869 (the old Central Pacific, now Southern Pacific) was the first to link the East to the West with bands of steel, and from the view point of lasting benefits, overshadows even Marshall's discovery.

Sacramento became California's first incorporated city in 1850 and was chosen as the capital of California in 1854.

North Sacramento and North Area

The North Area in the post-war years has expanded and developed beyond all predictions or expectations. New subdivisions which were not even dreamed of ten years ago are now completed, and many more are being laid out, all of which will tend to make this northern section of Sacramento County the center of Sacramento's metropolitan development. Many firms have located here due to the accessibility of roads which lead in all directions. Plenty of parking space and no parking meters make North Sacramento and the surrounding shopping districts, such as Arden Park, Ben Ali, Carmichael, Citrus Heights, Del Paso Heights, Fair Oaks, Gardenland, Hagginwood, Rio Linda and Town & Country, Country Club Centre, pleasant and convenient. A giant new shopping center offers two major department stores, a luxury hotel and parking accommodations for 25,000 cars daily on its 100-acre site at Arden Way and Highway 40.

The 1959 census of agriculture shows 2,351 farms in Sacramento County as compared to 3,397 in 1954. Here, as elsewhere, the small farm is decreasing in number as efficient, larger operations produce an increasingly greater percentage of the crop. The average size farm in 1959 was 232.7 acres as compared to 162.4 in 1954. The period between 1954 and 1959 saw almost 5,000 acres of farm land lost to the expanding urban areas, with 546,988 acres in farms for 1959 as compared to 551,732 acres in 1954.

Sacramento County produces, successfully more than twenty varieties of fruits and nuts, and many vegetables. Some crop is in harvest every month of the year.

The following table shows the acreage planted to leading fruits, nuts and berries in 1960: Almonds, 1,185; apricots, 47; cherries, 90; figs, 30; wine grapes, 245; table grapes, 373; olives, 994; oranges, 176; pears, 4,341; plums, 90; peaches, 132; pistachio, 45; prunes, 445; quince, 60; strawberries, 143; walnuts, 1,266; miscellaneous fruits, 59; nursery, 130.

Acreage of leading vegetables in 1960 was: Asparagus, 1,750; peas, 300; miscellaneous vegetables, 400; tomatoes, 11,000.

Acreage of field crops in 1960 was: Alfalfa, 26,000; barley, 10,500; beans (dry), 1,500; sugarbeets, 13,440; field corn, 41,000; hay (grain), 7,000; hops, 2,863; milo, 16,000; oats, 1,000; pasture (irrigated), 45,000; rice, 9,612; safflower, 1,960; wheat, 13,500.

Acreage of seed crops in 1960 was: Vegetable seed, 25; clover, 3,408; sudan grass, 600; beans, 60.

Total estimated gross returns from agriculture in Sacramento County for 1960 was $62,156,139. Of this total, $23,033,948 was realized from field crops; fruit, nuts and berries accounted for $8,996,097; vegetables represented $6,110,325; livestock and dairy realized $17,270,025, and poultry, eggs, turkeys, etc., accounted for $5,543,243.

The region of which Sacramento is the metropolis and trading center--the 19 counties of northern California--east of the Coast Range--produces 35 per cent of California's total agricultural yield, and 75 per cent of its precious and structural mineral products; and has 9,000,000 of the 14,000,000 acres of virgin timber still standing.

Sacramento County, according to County Agriculture Commissioner Forrest H. Darby, is the most diversified in its products of any county in California. This remarkable diversification is what makes for stable and year-around prosperity.

According to the 1954 Census of Agriculture, Sacramento County ranked 36 in the nation for value of all farm products sold.

Coupled with the rich soil, ample water and intensive farming methods, this diversity places Sacramento County in a place of conspicuous leadership among the high producing counties of California. Within a 100-mile radius of Sacramento are grown nearly 50 per cent of the State's agricultural products.

Sacramento County offers ideal conditions for dairying and live stock production.

Land prices, available markets and ideal conditions assure success to the man who knows how and will farm right.

The Sacramento City-County Chamber of Commerce

This organization is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity. The Chamber is completely departmentalized, with its Industrial, Research and Publicity departments, under experienced managers, set up for the purpose of supplying complete and authentic information on matters relating to Sacramento and northern California. Bruce Craver is General Manager. The Chamber occupies its own building at 917 7th St, and a branch office at 490 Arden Way in North Sacramento. For additional detailed information, call on the Chamber of Commerce for illustrated and statistical booklets.

WEST SACRAMENTO DISTRICT

"Water, Highway, and Rail Gateway to the Sacramento Valley"
(Courtesy Chamber of Commerce)

The West Sacramento District Chamber of Commerce located at 1410 Merkley Avenue, West Sacramento, California, serves all of the Greater East Yolo Area. Established 14 years ago, this young and enterprising chamber has grown from a group of 30 business men to over 250 members. In co-operation with the Junior Chamber of Commerce, the West Sacramento Rotary Club, the Port District Kiwanis Club, the West Capitol Avenue Motel Association, The Business and Professional Women's Club, and the Westport Optimist Club, this chamber has seen this area grow from a population of 13,786 in 1950 to over 25,000 at the present time. West Sacramento has 2 hotels and 46 motels and a combined 1800 rooms for tourist commercial, or conventions. It has the ORIGINAL MIRACLE MILE MOTEL STRIP which is only 5 minutes from down town Sacramento. Accommodations from the finest to a modest tourist cabin can be had here and fine restaurants serve the finest and best food found anywhere in the whole United States. Industrially, West Sacramento is the "hub" for rail, water, and highway transportation. Three major railroads, two federal highways and the Sacramento river carry products to all corners of the globe. The largest industries in West Sacramento are the rice processing, and trucking industry. . . . West Sacramento is the home of one of the World's largest rice mills and two major co-operatives, 15 major trucking firms have headquarters in West Sacramento. Oil bulk storage is another major industry, with 10 firms having major storage facilities here. Steel manufacturing, commercial trailer manufacturing, box making, meat packing and sausage casing preparation firms all are located in this area. The future of West Sacramento is assured, as it will be the port city for the Sacramento Yolo Port. Soon large ocean going vessels from all over the world will dock at West Sacramento.

80 percent of all homes in West Sacramento are owner-occupied. The climate is moderate. We have warm summer days and cool evenings. Water, gas, electric services are provided in abundance. The assessed valuation of this great area is about 30 million dollars.

West Sacramento has 18 churches, 4 libraries, 1 newspaper, 2 banks, 3 parks, and 5 playgrounds. There are two high schools, one in Clarksburg, and one in West Sacramento. Plans are afoot for another high school in the Broderick Bryte area. The University of California at Davis is only 11 miles away. Sacramento Junior and State College are less than five miles.

There are three VFW Posts in this area, and American Legion Post, PTA in all the schools, Community Council and Planning groups, Boy and Girl Scout Troops, Civic Organization Clubs, and church groups in all churches. Plans are afoot to build a new community swimming pool in the near future. Recreation on the river and Lake Washington is unlimited. 25 swimming pools for the weary traveler can be found on the Original Miracle Mile Motel Strip, famous as a tourist attraction all over the world.

BANKS

BANK OF CALIFORNIA

Serving the West
Since 1864

The Civil War was in its fourth year when The Bank of California opened for business on July 5, 1864. Lincoln was President, Lee was within ten months of surrender, and the country's population stood at 31,000,000. Far from the stirring events of Washington, the new State of California and its 380,000 people were more concerned with affairs of their own than with the war.

The Bank of California emerged full-blown as the financial power of the entire West. It was a time without telephones or typewriters, a time when communications were slow and transportation slower, a time when gold coin was the universal tender and paper currency was regarded with justifiable suspicion. The new bank was capitalized at $2,000,000, backed by a select list of directors and stockholders representing the major forces of Western business, and managed by two of the most respected financial men on the Coast.

Its history is deep and meaningful, and perhaps of real value to its present day clients. But the significant difference of which this bank is most proud, is the close personal relationship it maintains with its clients. Many great Western corporations can set their whole history against the backdrop of Bank of California service. And many individuals and families can trace their progress against the sustained support and constructive counsel they have gained from long association with this bank.

The Bank of California believes that banking now, as in 1864, is a personal business, and that corporate banking is as personal as individual banking. For that reason it is today what it has always been, a personal bank — large enough to provide every kind of financial service, small enough to do it in a personal way.

Standard INSURANCE COMPANY

M. WAYNE EVERTON, *Agency Manager*

HISTORY

Standard Insurance Company was founded in Portland, Oregon, in 1906. As the first mutual life insurance company in the West, it has played an important part in the economic development of this Western region.

PRODUCTS

Standard offers a wide range of coverages designed to meet the most exacting needs of insurance buyers. A complete line of life and accident and sickness policies is available, including several that are unique in the industry. The Company has introduced many new ideas in the insurance field—such as reduced premiums for larger amounts of insurance, lower rates for women, an unusual deposit arrangement, and several other innovations.

OBJECTIVE

Standard Insurance Company was founded to give service to Western families. That objective remains today. Throughout the Company, the aim is to provide insurance at the lowest possible cost and to give as much service as we can, as quickly as we can.

SIZE

The Western territory served by Standard has experienced tremendous population growth and expansion in all phases of its economy. Likewise, Standard has had a rapid but solid growth. Today, the Company is among the top 8% of the life insurance companies of the nation.

CASHIERS! TELLERS!

CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its 'Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Who Sells It?
Is Answered by the Classified Business Lists in this Directory

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on Being Well Represented in Its Pages

Out of Sight – Out of Mind – Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
